Product Info

Our steel frame range of tents are the perfect solution to protect you and your valuables from the sun or rain.

The cover features a PVC tarpaulin fabric material with water resistant coating. The frames are made with 25mm x 1.6mm galvanized steel with welded joints.

The frame is available in three convenient sizes of 3m x 3m, 6m x 3.6m and 9m x 4.5m. We can also provide custom sizes if required.

Our tent structures are made using high quality materials and complemented workmanship that is made to last.

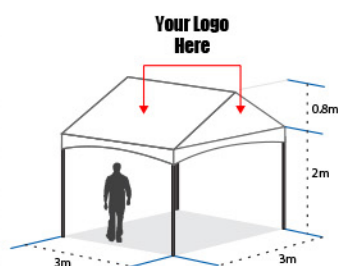

Item
